

Take advantage of the world's first
global reservation system for ground transportation.

A horizontal banner image showing a paved road stretching into the distance through a green field under a blue sky with light clouds.

April 30, 2010

Mr. John Ferrari
Unified Livery Systems (ULS)
12703 Pedlars Court
Tomball, TX 77377

John,

Unified Livery Systems (ULS) has passed integration testing with Global Ground Automation and is certified to receive rate and reservation requests from the TranspoNet system.

Kind regards,

Cathie Mitura
