Dear Lee Roberson,

The April 27 tornadoes left a wake of devastation unlike anything EPB has seen in its 76-year history. And it will take time to repair the damage left behind.

But one positive thing has been apparent in the aftermath of this tragic event – and that is the compassion shared throughout our community. Thank you for being a part of that. With your help, we were able to restore power to all 129,000 homes and businesses in record time.

As businesspeople, we have been trained to provide services for one another. But as neighbors, we have the choice to go above and beyond the call of duty to support each other in times of need. And your help during this state of emergency is truly appreciated by all of us here at EPB.

As a small token of appreciation, please find a commemorative hat, DVD and reprint of our Chattanooga Times Free Press "Thank You" message included in this package. Please distribute to your employees who helped us restore services to our community.

Thank you for your contribution to our company and our community as a whole.

Sincerely,

A handwritten signature in black ink, appearing to read 'Harold DePriest', written over a faint, larger version of the same signature.
